SPEAKERS

Dr. Samuel Sandweiss, an assistant clinical professor in the Department of Psychiatry at the University of California, San Diego School of Medicine, has been practicing psychiatry in San Diego, California, for over 35 years. He also oversees the Birth Day Publishing Company with his wife Sharon. In addition to being a long-time devotee of Sai Baba, Dr. Sandweiss has served on the Sathya Sai Baba Council of the United States since its beginning in 1975. He is an author who is known worldwide for his book, "Sai Baba: The Holy Man and the Psychiatrist."

Dr. Michael Goldstein received his doctorate in medicine from George Washington University. A practicing physician for over 30 years, he is currently the medical director of case management at a hospital in Southern California. As Chairman of the Prasanthi Council, he is responsible for the administration of the Sathya Sai Baba Organization in all countries outside of India. He also serves on the International Board of Advisors of the Sathya Sai Institutes of Higher Medicine and as Chairman of the Sathya Sai Education in Human Values Foundation.

Dr. Narendranath Reddy completed his training in endocrinology at Mount Sinai School of Medicine, New York. He has been a practicing internist-endocrinologist in Southern California for over 25 years. A Fellow of the American College of Physicians and the American College of Endocrinologists, he is on the faculty of the medical school at the University of Southern California. He is a member of the Prasanthi Council, the governing body of the International Sathya Sai Organization, and a trustee of the Sathya Sai Book Center of America.

HIS LIFE AND HIS MESSAGE

Sathya Sai Baba is a highly revered spiritual leader and world teacher whose life and message are inspiring millions of people throughout the world to turn God-ward and to lead constructive and virtuous lives. His timeless and universal teachings, along with the example of his own life, are attracting seekers of truth from all religions of the world. He was born as Sathya Narayana Raju in 1926 in Puttaparthi, then a remote hamlet in South India. As a child he was brilliant in his studies, but what made him unique was his extraordinary wisdom and compassion. At the age of fourteen, he declared that he would henceforth be known as Sai Baba and that his mission was to bring about the spiritual regeneration of humanity by inspiring love for God and service to all beings. For over seven decades, his life has been a stirring and moving outpouring of love and compassion. His ashram, Prasanthi Nilayam (meaning the abode of the highest peace), is located in South India and attracts thousands of spiritual seekers from virtually every corner of the globe.

Sathya Sai Baba uplifts man by teaching and demonstrating that man is inherently divine and his nature is selfless love. Quoting the scriptures of various faiths, Sai Baba reminds us that Love is God and God is Love and that Love is immanent in the heart of every being. Sai Baba demonstrates how to elevate our life through the practice of truth, right conduct, peace, love and nonviolence - principals that form the foundation of the world's major religions. He exhorts mankind to "Love All, Serve All" and asserts that the essence of all scriptures is to "Help Ever, Hurt Never!"

HIS WORK

Sathya Sai Baba has established exemplary institutions for mankind, and the range and scale of humanitarian projects initiated and inspired by him is unprecedented in history. What follows are glimpses of his love in action.

Education Sathya Sai Baba has established a model education system which includes primary and secondary schools and an accredited university, offering undergraduate, graduate, and doctoral degrees, with no fees to the students. It has been hailed as a crest jewel of the Indian education system by leading educators. In addition to academic excellence, Sai Baba's system of integral education is designed to foster character and self-discipline, for as he often asserts, "The end of education is character."

Healthcare Sathya Sai Baba has established four hospitals, two of which provide advanced medical care. These hospitals provide all services free of charge, and they are equipped with state-of-the-art technologies in cardiology and cardiothoracic surgery, neurology and neurosurgery, nephrology and urology, and ophthalmology. To date, thousands of operations have been performed.

Drinking Water Starting from the mid-nineties, Sathya Sai Baba has executed massive drinking water projects, bringing much-needed relief to millions of villagers. For these long-suffering people, a century-old dream has come true – safe drinking water, available free and throughout the year, right at their doorsteps.

Rural Outreach Every year, the students and staff of Sai Baba's university travel into neighboring villages and spend nearly two weeks going house to house, distributing food and clothing and bringing comfort and love to the needy. This has inspired similar long-term projects throughout rural India and increasingly in other parts of the world.

INFORMATION

The Sathya Sai Organization has a presence in over 100 countries with more than 2000 Sai Baba Centers worldwide, 200 of which are in various cities across the United States. The centers provide a place to meet, study, and practice the teachings of Sathya Sai Baba. These centers are engaged in selfless service in their local communities. The centers also offer devotional meetings with group singing, meditation and prayer. Two programs of character development – Sathya Sai Education in Human Values and Sai Spiritual Education – are offered to children. These programs teach the five human values of truth, right conduct, peace, love and nonviolence, and the fundamental truths underlying all religions. Such value-based spiritual training is also the basis for the young adult program of the organization.
