

## Selected Quotes by Sathya Sai Baba

"Let the different faiths exist, let them flourish and let the glory of God be sung in all languages and in a variety of tunes."

"Respect the differences between faiths and recognize them as valid as long as they do not extinguish the flame of unity."

"You should not have contempt for any religion, as each is a pathway to God. Fostering love towards your fellow-beings, receive the noble love of the Divine. This is the goal to life."

"Many good deeds are being done all over the world. People should participate in such good activities, render help to others and regard them as spiritual exercises."

"Service to man is service to God. Man is not merely a human being, he is the embodiment of Divinity. All acts of service done to others are to be treated as service rendered to God."

"Real happiness consists in the acquisition of wisdom. However, till that wisdom is achieved, one should try to live in the world with morality and integrity. Keep your vision on the Divine and lead your life in the world. This is the teaching of Sai. You need not renounce the world."

"Many people think that knowledge is power. It is not so. In fact, character is power. Education should confer humility. Education without humility, action without discrimination, scholarship without wisdom, words without melody, politics without morality and integrity can never shine in society. One's personality blossoms only when one has humility along with knowledge."

"Love All ~ Serve All ~ Help Ever ~ Hurt Never"
