

Sathya Sai Ideal Healthcare

*“..Medicine is meant to promote heart to heart and love to love”
relationship between doctor and patient...*

–Sri Sathya Sai Baba, July, 2003

Healthcare implemented by Sathya Sai Baba is state-of-the-art medicine which is delivered with selfless love, patience, and compassion. His healthcare mission is founded on five principles

Universal Healthcare: State-of-the-art healthcare is available to all people

Free Healthcare: Economic considerations do not prevent anyone from receiving the highest quality healthcare

Compassionate Healthcare: Healthcare is delivered with love and compassion

Comprehensive Healthcare: Healthcare includes treatment of the body, mind, and spirit

Preventive Healthcare: Prevention should be the primary focus
